## 2. REASON FOR TODAY'S VISIT — IN YOUR OWN WORDS

Here for my 6-month check-up. My lower back has been sore for a few months so I've been taking Advil and Aleve pretty often for it. Also I've been using my rescue inhaler more than usual — almost every day this past week.

## 3. CURRENT MEDICATIONS — INCLUDE OVER-THE-COUNTER &amp; AS-NEEDED

| MEDICATION                          | DOSE / STRENGTH  | HOW OFTEN DO YOU TAKE IT?        |
|-------------------------------------|------------------|----------------------------------|
| <i>Budesonide inhaler</i>           | <i>1 puff</i>    | <i>twice a day (controller)</i>  |
| <i>Albuterol (ventolin) inhaler</i> | <i>as needed</i> | <i>4-5x / week lately</i>        |
| <i>Fexofenadine (Allegra)</i>       | <i>180 mg</i>    | <i>once daily</i>                |
| <i>EpiPen (epinephrine)</i>         | <i>0.3 mg</i>    | <i>carry for emergencies</i>     |
| <i>Advil (ibuprofen)</i>            | <i>400 mg</i>    | <i>3-4x / week for back pain</i> |
| <i>Aleve (naproxen)</i>             | <i>220 mg</i>    | <i>weekends when back is bad</i> |

## 4. ALLERGIES — MEDICATION, FOOD &amp; ENVIRONMENTAL

| ALLERGY / SUBSTANCE             | REACTION                                       |
|---------------------------------|------------------------------------------------|
| <i>Aspirin</i>                  | <i>hives + wheezing / trouble breathing</i>    |
| <i>Peanuts</i>                  | <i>throat swelling — used EpiPen before</i>    |
| <i>Fish</i>                     | <i>hives, trouble breathing</i>                |
| <i>Pollen, dust, mold, cats</i> | <i>sneezing, congestion, itchy watery eyes</i> |

## 5. FAMILY HISTORY — CHECK ALL THAT APPLY &amp; NOTE THE RELATIVE
